March 3, 2022

Dear Parents/Guardians,

This letter provides information regarding the administration of the Otis Lennon Schools Ability Test (OLSAT) to current fifth and sixth-grade students who seek admission to the Acceleration and Enrichment Program and/or Infinity Institute for September of 2022. The students must currently reside in Jersey City, meet eligibility criteria, and be enrolled in either a parochial, private, or charter school.

Testing administration dates are confirmed for Saturday, April 2nd, and Saturday, April 9, 2022. Information regarding the selected test date for the school your child attends will be provided by the building principal. These dates are the only opportunities the Jersey City Board of Education offers to test for admission.

There was a meeting conducted for school counselors regarding the Saturday OLSAT Administration on February 28, 2022, from 9:30 am to 11:30 am. Following this virtual informational session, school counselors were instructed to provide parents/guardians of eligible students with detailed information regarding the admission process provided by our district.

If you are a current resident of Jersey City and your child(ren) attends a school that is not familiar with the admission process for the AEP Program and/or Infinity Institute, please have your child's school counselor email Ellen M. Ruane, [eruane@jcboe.org](mailto:eruane@jcboe.org), or call (201-915-6209), for more information.

Sincerely,

*Dr. Norma Fernandez*

Dr. Norma Fernandez, Acting Superintendent
